

# Conestoga-Rovers & Associates Project Summary

## KEY PROJECT ELEMENTS

- Mechanical Design
- HVAC Design
- Project Achieved  
LEED® Silver  
Accreditation

## NEW ADMINISTRATION BUILDING INNISFIL, ONTARIO

CLIENT: TOWN OF INNISFIL  
DURATION: 2006 - 2007  
COST: \$8 MILLION

CRA was retained to provide the mechanical design for the new administrative building for the Town of Innisfil. The building is 37,000 square feet with a construction budget of \$8 million.

CRA provided the mechanical systems design and contributed to the LEED® rating through the use of low flow plumbing fixtures, waterless urinals, demand ventilation, and overall HVAC design in compliance with ASHRAE standard 55-2004. The building achieved a LEED® silver classification.
